(By Associated Press)
Richmond, Va., Nov. 24.—Henry Clay Beattie Jr., before his death in the electric chair at 7:23 a. m. today, confessed to the murder of his wife. Up to the last he refused to confess to those at the prison, but confided a statement to Rev. J. J. Fix, his former pastor, which was made public several hours after the execution.

"I, Henry Clay Beattie Jr., the statement read, 'being desirous of standing right before God and man, do, on the 24th day of November, 1911, confess my guilt of the crime charged against me. Much that has been published concerning the details was not true, but the awful fact, without the harrowing circumstances, remains. For this action I am truly sorry, and believing that I am at peace with God and am soon to pass into his presence, this statement is made.'

The statement was signed in the presence of two attending ministers and is the only statement that can or will be made by them.

One minute after the current was turned into the body Beattie was pronounced dead. He went to the chair unshaken.

Asked by the superintendent if he had any statement to make, he replied: "I have nothing to say."

Twelve witnesses were present at the execution, all of whom were much moved. None of the relatives of Beattie was in the death chamber, although arrangements had been made for the reception of Douglass Beattie, brother of Henry Clay Beattie.

BEULAH'S OLD SELF DIES
WITH BEATTIE, SHE SAYS
New York, Nov. 24.—Beulah Binford, living under an assumed name at the home of Isadore Bernstein and posing for moving picture shows incognito, said when Henry Clay Beattie dies, her connection with the case will die too.

"If justice is being done, it is all right. I am sorry for Henry Beattie; I am sorry that I have been drawn into this thing. Of course it is hard to imagine that anyone you know could have done such a thing, but if the jury found him guilty, he must be guilty. When he dies in the electric chair, my connection with the case shall die, too, and I am going to try to be born again into a new life."

I was the victim of this case. They picked me, a cast-off, from a dozen other victims of Beattie because I was helpless and had no one to protect me. Had they picked any one of Beattie's other victims, there would have been still more scandal."

The girl will not work today. Early next week she will go to St. Luke's Hospital for an operation for appendicitis.

home and that the story of the ill-fated parents would be concealed from it as far as possible.

The crime for which Henry Clay Beattie, Jr., was executed today was one of the most sensational in the criminal history of Virginia. Interest in the murder was country-wide owing to its unusual features and the swift movement of justice.

On the night of July 18 last, Beattie drove his automobile into Richmond, carrying with him the body of his wife which had a gaping shot gun wound in the head. He declared that a tall bearded man had accosted him on the Middlethorpe turnpike, five miles from Richmond, and when he had requested the man to make room for him in the road the stranger without warning had fired the shot which killed Mrs. Beattie. He added that he had grappled with the man but was overpowered and that the murderer had fled leaving the gun behind. This story of the crime was maintained by Beattie to the end of his trial.

For a brief time Beattie's story was given some degree of credence, but within a day or two suspicion began to point to him and he was kept under the closest surveillance. Bloodhounds, taken to the scene of the crime, refused to leave the place, circling around the bloodspot on the road.

Beattie, it evidently transpired, had thrown the shotgun into the tonneau of his automobile after the shooting but in passing over some railroad tracks not far from the scene it had been jolted out and was picked up later by a negro. This gun, which Beattie alleged had belonged to the mysterious highwayman, proved the means of sending the young man to the electric chair.

At the coroner's inquest the weapon was identified by Paul Beattie, a second cousin of young Henry, as the weapon he had purchased for Henry with money furnished by the latter. Beattie was arrested immediately after the inquest. This was on July 21, and on August 19, one month and a day from the time of the murder, the trial was begun before Judge Walter A. Watson at the picturesque little Chesterfield county court house, 16 miles from here.

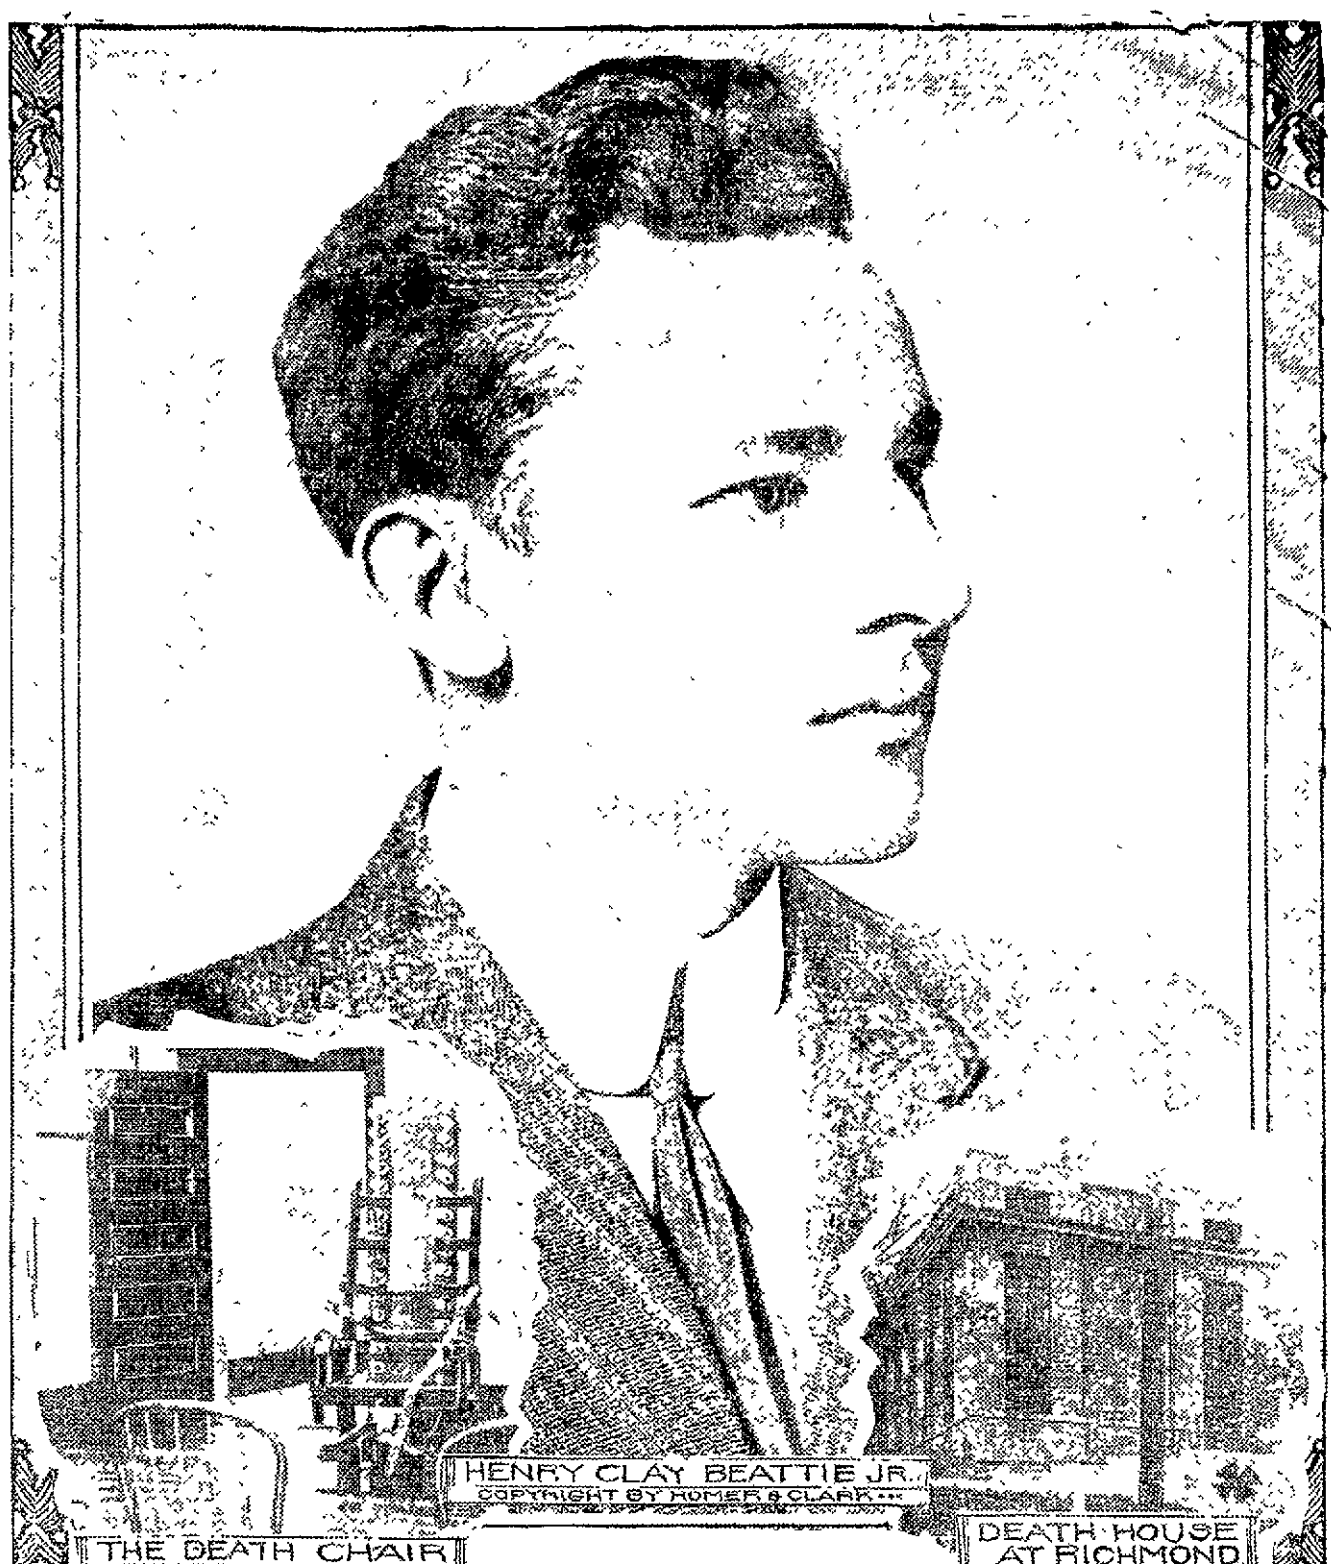

The jury was made up almost entirely of farmers, and on this fact Beattie based his claim that he had been convicted, not for the murder of his wife, but because of his relations with Beulah Binford, a notorious young woman. He insisted to the last that a jury composed of city men would have freed him. Beattie was defended by H. M. Smith, Jr., and Hill Carter. The prosecution was conducted by L. C. Wendenburg and L. M. Gregory.

The trial moved swiftly, though many witnesses testified, and on September 8, after 58 minutes of consideration and prayer the jury, in chorus instead of through its foreman, declared Beattie to be guilty of the murder of his wife. Motion for a new trial was denied and November 24 set as the day for the execution.

On November 13 the Virginia Supreme Court of Appeals refused to grant an appeal on a writ of error, and two days later Governor Mann, who had been appealed to for commutation or reprieve, issued a statement declaring that the interests of the people of Virginia demanded that Beattie should die in the electric chair.

The Rev. John J. Fix, pastor of the Presbyterian church of which young Beattie was a member, and of which the elder Beattie is an officer, appeared at the execution.

THIRTY-THREE KILLED AND 100 INJURED IN A BOILER EXPLOSION

Liverpool, Eng., Nov. 24.—Thirty-three workers are known to have been killed and upwards of 100 injured by a boiler explosion which occurred today at the Oil Cake mills of J. Bibby and Sons. The force of the explosion was so terrific that the roof of the mill was blown off and the wall split and crumbled. An outburst of flame enveloped nearly 400 workers engaged in the building at the time of the accident. Bodies of those in or near the boiler room were horribly mangled, some being blown into the street together with bricks and debris. Hundreds with the fire raging back of them made frantic appeals for rescue. Fire ladders were quickly placed and many men were saved. The scorched clothing and burned hands of those brought down told of the terrible ordeal through which they had gone. Many of those taken to the hospital are suffering from shocking injuries, some of them having lost legs or arms and others were frightfully burned.

WEALTHY CROTON FARMER ENDS LIFE WITH SHOTGUN EARLY FRIDAY MORNING

David Baker, a wealthy farmer living in Croton, committed suicide early Friday morning by shooting himself with a double-barreled shotgun. Fearing that ill health might cause him to leave his farm, he became despondent.

Mr. Baker had been feeling ill all fall, and lately his wife noticed that he was becoming depressed in spirits, but gave no thought to any serious results. He complained several times that he felt he would have to give up the farm because the work was becoming too laborious, but then he would brighten up and exclaim that he would never do so.

Friday morning, he left the house about 7 o'clock, presumably to do some chores, but shortly after he left Mrs. Baker heard the explosion of a gun. Running outside, she saw her husband lying beside the woods shed, with the shotgun beside him. She called the neighbors, who live across the road, and they rushed to the man's assistance, but death had been instantaneous. They carried him into the house and Dr. C. D. Hempstead of Croton was called, but Mr. Baker was past aid.

An examination showed that Mr. Baker had placed a box on the north side of the woods shed which is about twenty feet from the house, and sitting down, he placed the shotgun in a reclining position against the box, so that the muzzle rested under his chin. Then with deliberate care he fastened an iron rod to the trigger and set the gun off with his feet. The shot entered the neck and jaw, practically blowing the head off.

Mr. Baker was a wealthy farmer, having a farm of about 200 acres, just on the edge of the Croton corporation. He was about 75 years old and leaves a wife and adopted daughter, Mintie Baker, who is singing in a motion picture theatre in Mt. Vernon.

The wife is prostrated over the affair and was taken to the home of neighbors, where she required medical attention.

Dr. W. E. Winchell was summoned and left at once for the scene of the tragedy, by way of Granville upon arriving at the Baker home he viewed the remains and pronounced the death one of suicide and stated that a coroner's jury would not be necessary.

BARES HER LIFE WITH PATTERSON

Woman Charged With Husband's Murder on the Witness Stand

SELF DEFENSE CLAIMED

States She Did Not Shoot Until After Husband Had Knocked Her Down.

Denver, Colo., Nov. 24.—Mrs. Gertrude Patterson went on the stand yesterday afternoon as the first witness in her own behalf and told the jury of her life with Charles A. Patterson, who she is charged with murdering. She testified that she shot him after he had knocked her down and kicked her.

Mrs. Patterson also told of the trip she made to Paris with Emil Strouss, the millionaire Chicago clothier. Her testimony followed closely the stories she has related of the incident in her life with Patterson.

The state rested its case last evening after examining several police officers, physicians and others who were present immediately after the shooting and saw the dead man and the defendant before they had been removed from the scene of the tragedy.

Mr. Hilton, for the defense, in his opening address to the jury, said they would hear the full story of Mrs. Patterson's life with Strouss, of Patterson's sale of her to Strouss, and other cruelties of such a nature that they would prove Patterson a degenerate of the most abnormal, vicious type, whose revolting conduct inflicted not only mental anguish but dangerous injury upon his wife.

Counsel said that the defense's sole reliance would be upon its plea of self-defense, and promised to produce an eye-witness who would swear that Mrs. Patterson did not fire a shot until after Patterson knocked her down.

Mrs. Patterson said she married Charles A. Patterson Oct. 1, 1908, at Carmel-by-the-Sea, Cal.

"Where did you go after your marriage?" asked Mr. Hilton.

"To Chicago."

"Did you and your husband go to keeping house?"

"We lived at the Lakota Hotel one week, then moved into an apartment house, which I furnished at a cost of \$800. I paid the rent."

"How did he treat you during the month following your marriage?"

"During the month of November he borrowed money of me and drank constantly. He said he didn't care what I did if I got money and gave it to him. He wanted me to go to 'George's place' on the levee."

Mrs. Patterson said her husband wanted her to make a proposition to Strouss, by which Patterson could get money. When she refused Patterson beat her "I was in bed two days," she said.

"Did you see Mr. Strouss in December?" asked the lawyer.

"No. In January I met him on the street."

"What did you say to him?"

"I told him my trouble. He said he was going to Europe; that he pitied me and wished he could take me. I told Mr. Patterson what he said, when he asked me why I did not see Strouss and get some money. He said: 'Tell him you can go with him if he gives me the cash—about \$1500.' I said I could not make that proposition to Mr. Strouss. Then he called me vile names."

"What else did he do?"

"He tried to throw me into the grate fire at 2 o'clock in the morning."

"When did you next see Strouss?"

"I saw him at lunch shortly after and told him what Mr. Patterson had said. He gave me \$1500 and I gave it to Mr. Patterson."

She said Patterson took her to the train for New York and met Strouss when she went on board the ship there. Strouss asked her for a

PROGRESSIVE LEAGUE TO FIGHT TAFT HAS OPENED COLUMBUS HEADQUARTERS

Columbus, O., Nov. 24.—Frankly avowing his purpose to be the rout of President Taft in his own state, John D. Packler, head of the Republican progressive league has opened headquarters in Columbus, from which a state wide campaign will be declared, to assure a progressive delegation in the national convention.

Mr. Packler said every possible means is to be used by the progressives to grasp the very machinery which carried the state for Taft in 1908, and turn it back against him to assure his defeat in 1912.

"705-706 Harrison building" is the address which will appear upon the

great volume of literature to be spread over the state, and it was at that address that Mr. Packler found waiting him a long line of Republicans of both factions.

Progressives and standpatners alike consulted with him, but it is said the latter received small encouragement.

"It is Republicans who believe in progressive principles and oppose the policies of President Taft that we want in our organization," he is quoted as saying.

Mr. Packler promises that when the state-wide organization is in working order there will be after the

HANOVER MAN ON TRIAL FOR AN ASSAULT

Occurring at Brick Plant Last May Alleges Self Defense—General Court House News.

In Common Pleas court on Friday the court and jurors were engaged in the trial of the case of State of Ohio vs. Dave Shiller, an engineer at the Hanover Brick plant. The state charges that on May 25th last Shiller made an assault upon Edgar Rine at the brick works and struck Rine with a hammer on the head, which resulted in such injuries that it was necessary to take several stitches to close the wound. The defendant claims self-defense.

Charles E. Clifton vs. D. D. Snyder, et al., and Margaret R. Egolf vs. same defendant, a suit for an injunction to restrain the construction of a road on land claimed by plaintiffs at Etina. The taking of testimony was concluded to the court on Thursday. Counsel argued the question, and the court took the matter under advisement.

The case of Henry Warren Koontz vs. Charles H. Huber, et al., will be taken to the Circuit court by the plaintiff. Plaintiff sues for damages for personal injuries received by being struck by a brick which fell from the wall of the Huber building on South Second street, this city, during the construction of improvements to the bakery of defendants. The jurors found for Huber, and Koontz asks the Circuit court to grant a new trial.

Dear Madam:

Perhaps you are still using raw, germ-laden milk, bought from the milkman daily. There are millions of others like you. It is hard to change customs a thousand years old.

But you know that danger always lurks in raw milk. There are millions of germs in each spoonful. You know there are many tubercular cows. And you know, or should know, that most infant mortality is caused by the germs in milk.

You know that pure milk is our greatest food problem. That millions are coming to pasteurized milk. Within a few years, beyond any question, raw milk will be as rare a food as raw meat is today. And for the same reason—the danger of germ infection.

In the meantime we urge—and physicians urge—that you give children a germless milk.

Done Simply by Heat

This is how milk is made utterly sterile at all the Van Camp dairies.

In the first place the dairies are sanitary. The cows are inspected. Cleanliness is carried to extremes.

The milk is all tested. Then, while fresh from the cows, it is put in a copper vacuum. There, without scalding the milk, we evaporate two-thirds of the water.

Then the milk is sealed up in cans. Then each can is pasteurized by heat. The milk then is utterly sterile—absolutely free from germs.

Van Camp Packing Co.
Indianapolis, Ind.

Whatever Your Prejudice Give Children Clean Milk

Nothing whatever is added—no sugar, no preservative. Nothing but water is taken out. When you replace the water, the milk is the same as it came from the cows, save for the sterilization.

America's Finest Milk

We have dairies in seven states, each in the heart of a great dairying section. They are supplied with high-bred Holstein cows.

To bring this milk to you in perfect condition we employ famous Dutch and Swiss experts. We have spent \$100,000 in the past seven years to perfect our dairy processes.

The result is the finest milk produced in America—equal to the milks of Switzerland. Please note that. Whatever your prejudice against "canned milk," you will never in the world taste better milk than Van Camp's.

Like Using Cream

The milk comes to you as thick as thick cream. For coffee and cereals most people dilute it. It is 28 per cent solids, 8 per cent butter fat.

In coffee it tastes like the richest cream. On cereals it tastes like sterilized cream. In cooking it gives you a richness and flavor never obtained from raw milk.

Not because of anything added. This is simply the whole rich milk. That flavor is only the natural taste of whole milk.

Milkman's milk separates, so you rarely get the whole milk. Butter fat, riser and solids fall. When that milk gets to the cooking it is rarely

more than a half-milk. That's all the difference. But just note from one milk dish what a difference that makes.

A Cow in the Pantry

You can buy, if you wish, a month's supply at a time. Have rich milk and cream always on hand—all that you want with none ever left over. For the opened can keeps until you use it up.

Imagine what it means to have milk and cream for a month, all stored on the pantry shelf. Think what you are losing in convenience alone by buying from hand to mouth.

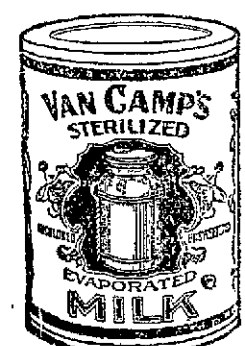

Saves About Half

Now comes the strangest fact. This ideal milk, whole, rich and sterile, costs less than milk-wagon milk. This Holstein milk, from model dairies, less than milk from mongrel cows.

We save you the cost of the milkman's daily delivery. That costs more than the milk. And we save you all the waste. In the average home the use of Van Camp's cuts milk bills right in two.

We are milking 30,000 cows per day to supply the demand for this milk. Won't you learn why so many use it?

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. That's with two-thirds the water evaporated. Your grocer gets it from our nearest dairy.

OBITUARY

RICHARD HUDNELL.

The funeral services over the remains of the late Richard Hudnell, who died at his home in St. Louisville, were held at the church in that place on Friday morning at 10 o'clock, and were attended by a large number of relatives and friends. The body was brought to Newark and interred in Cedar Hill cemetery. The deceased was well known in Newark, having for some time previous to his death held the position of watchman at the Third street railroad crossing.

FRANK SCOTT.
The body of Frank Scott, who died at the Soldiers' Home at Washington, D. C., was brought to Newark Thursday. The deceased was 61 years of age and is survived by three sisters and one brother, Mrs. Anderson and Mrs. Stella Evans of Granville, Mrs. Beall of Newark, and Fred Scott of Charleston, W. Va. The funeral was held Friday in Granville, the burial being made in Maple Grove cemetery.

FUNERAL OF PERRY BUCHANAN.
The remains of Perry Buchanan, son of Mr. George Buchanan, of Woods avenue, this city, who died in Beauséjour, Manitoba, where he had gone about three weeks ago with a number of men to work in a glass factory, are expected to arrive here Friday night. Perry, who was aged about 27 years, had been suffering with tuberculosis for some time past, and he thought that a change of climate would result in benefit to his health. The funeral services will be held at the home on Woods avenue on Sunday afternoon at 2 o'clock, and the funeral will be under the auspices of the glass blowers' union of this city, of which he was a member.

THE LATE MOSES DILLON BROOKE.
He deserves a tribute from me. From April, 1857 to April, 1859, I was Mayor of the town of Newark, of about 5,000 inhabitants.

Dillon Brooke was the Marshal and the whole regular police force. He kept the town in good order. Though resolute and determined, he was really gentle. His rather severe aspect and his reputation for courage, cowed the law breakers. He was wide awake and had the faculty of happening where he was most needed.

Dillon Brooke was a good man, a good citizen, and a model officer. CHARLES H. KIBLER.

Governor Harmon's appointment of
John H. Clark of Cleveland to the
Ohio Perry Centennial Commission is
a compliment to Cleveland, to Mr.
Clark, and to the Governor, says the
Cleveland Plain Dealer editorially. The
position required a man of high char-
acter, and ability. Mr. Clark is well
and favorably known throughout the
state, and his presence on the com-
mission will be an undoubted source
of strength. It will show the other
states participating in the Perry Cen-
tennial that Ohio takes the matter
seriously and proposes to make the
celebration one worthy of the events
commemorated. The Governor is for-
tunate to get a man so well qualified
to accept this position. He is to be
commended for the choice and con-
gratulated that Mr. Clark found it
possible to accept.

PROGRESSIVE

Continued from Page 1.

first of the year, a conference among
the leaders, at which they will in-
dorse some particular man for nomi-
nation.

His personal ideals of men for
president, he frankly says, are em-
bodyed most completely in Lincoln,
Roosevelt and La Follette—and since
Lincoln is dead and Roosevelt posi-
tively that he will not run again, he
is for La Follette. Further, he be-
lieves Roosevelt will be for La Fol-
lette.

Just at present, however, he says
that the progressives are fighting
solely for principles. President Taft
is the only individual they have sin-
gled out for opposition, and that, he
says is for obvious reasons. In this
connection he carefully explains that
his personal preferences in the mat-
ter have no connection whatever with
the future policy of the organization.
He also made it clear that there is
no possibility of a compromise
or deal by which President Taft can
gain the support of the Progressives.
He says the time has come when
President Taft is plainly "just what
he is," and no eleventh hour change

NO CASCARET USER EVER HAS HEADACHE

A 10-Cent Box Will Keep Your Liver,
Stomach and Bowels Clean, Pure
and Fresh For Months.

Sick Headache, biliousness, dizzi-
ness, coated tongue, foul taste and
foul breath—always trace them to
toxic liver, delayed fermenting
food in the bowels or sour, gassy
tomach.

Poisonous matter clogged in the
intestines, instead of being cast out
or the system is re-absorbed into the
blood. When this poison reaches the
delicate brain-tissue it causes con-
gestion and that dull, throbbing,
sickening headache.

Salts, cathartic pills, oil and pur-
gative waters force a passage way for
a day or two—yes, but they don't
take the poison out and have no ef-
fect upon the liver or stomach.

Cascarets immediately cleanse and
regulate the stomach, remove the
sour, undigested and fermenting food
and foul gases, take the excess bile
from the liver and carry out of the
system all the decomposed waste
matter and poisons in the intestines
and bowels.

A Cascaret tonight will surely
straighten you out by morning. They
work while you sleep—a 10 cent
box from your druggist means inside
cleanliness and a clear head for
months. Ask any of the millions of
Cascaret users if they have head-
aches.

of policy will suffice to wipe out the
three-year record which stands.

From the Columbus headquarters
will be carried on a campaign to
thoroughly organize the Progressives
in each county of the state. Mr.
Fackler says the ground work for the
scheme is already completed.

E. N. Huggins, an attorney may be
made the head of the local organiza-
tion and it is understood that if he
should fail to gain the place Judge
David L. Pugh will be a strong bid-
der for it. Thomas H. Clark, who
represented Franklin county at the
Chicago Progressive Conference, and
W. H. Backus are to have charge of
the preliminary work in the district,
and they will be assisted by Hiram
Bronson, the Progressive author of
the primary election law.

After Monday Mr. Fackler will
spend his entire time at the newly es-
tablished headquarters. The scheme
worked out in 1908 by Chairman
Walter E. Brown of Toledo, to enable
voters to express their preference for
president in the election of delegates
to the state convention is the one
which will be used by the Progress-
ives against President Taft. It was
devised for his benefit, but Mr.
Fackler has been studying it very
closely, and finds that since it has
the approval of the Supreme court
and cannot be attacked it is admir-
ably suited to his own uses.

Progressive declare this defection
may be regarded as a certainty, first
because of the president's famous
Akron speech several years ago, when
he denounced the Cox organization,
and, second, because many Republi-
cans feel that his vote for the muni-
cipal ticket this year lost the election
for them.

IS YOUR HAIR STREAKED WITH GRAY AND FADED

How often one hears the expres-
sion, "She is gray and beginning to
look old." It is true that gray hair
usually denotes age and is always
associated with age. You never hear
one referred to as having gray hair
and looking young.

The hair is generally the index of
age. If your hair is gray you can't
blame your friends for referring to
you as looking old. You can't re-
tain a youthful appearance if you al-
low your hair to grow gray. Many
persons of middle age jeopardize
their future simply by allowing the
gray hair to become manifest. If your
hair has become faded or gray, try
Wyeth's Sage and Sulphur Hair Rem-
edy, a preparation which a chemist
by the name of Wyeth devised a few
years ago. It is simple, inexpensive
and practical, and will banish the
gray hairs in a few days. It is also
guaranteed to remove dandruff and
promote the growth of the hair.

It is a pleasant dressing for the
hair, and after using it a few days,
itching and dryness of the scalp en-
tirely disappear.

Don't neglect your hair. Start using
Wyeth's Sage and Sulphur today, and
you will be surprised at the quick
results.

This preparation is offered to the
public at fifty cents a bottle and is
sold and recommended by all drug-
gists.

BABES DIE IN FLAMES

Middleboro, Ky., November 24.—
The home of Henry Plevins, negro,
was destroyed by fire yesterday, and
two of his children aged 8 months
and 2 years, respectively, were burned
to death. The fire was started
by the explosion of an oil stove

COATESVILLE, PENN. AND NEWARK, OHIO

The Outlook of November 1 contains
an important article under the caption
"The article gives an account
of the burning to death of the
wounded negro who was dragged from
a hospital and placed on a pile of
highly combustible matter, to which
the match was applied by the infuri-
ated mob. By way of comment on the
failure to bring any of the lynchers
to justice a contrast is made with
the prompt action at Newark, Ohio,
in prosecuting and punishing the par-
ticipants in the lynching tragedy of
July 8, 1910.

As The Outlook's article is a mat-
ter of special interest to citizens of
Newark, it is herewith given in full:

"If an American abroad were to be
asked why we tolerate torture and
burning men alive in this country, he
would first deny the fact, and then
have to admit that law and public
sentiment have as yet failed to im-
pact condign punishment on the per-
petrators of these barbaric acts. And
there is absolutely no other way to
stop the practice—for practice in cer-
tain cases and against certain victims
it has become. A recent letter in a
newspaper states that its writer hap-
pens to have been in or near places
in seven States where lynching by
burning has occurred, and has known
of cases in four other states. Respec-
table people and the state officials al-
ways denounce the crime, but where
is the record of conviction and pun-
ishment? The Coatesville case was
peculiarly atrocious because it was so
near to the centers of American civil-
ization, because it was without the
excuse that it avenged an attack on
womanhood, because its details were
horrible and sickening, and because

Sore Throat Prudence

No family medicine chest is well stocked
without a bottle of TONSILINE, for you
don't know what moment it may be needed
to cure a suddenly developed case of Sore
Throat. Don't take unnecessary chances,
because Sore Throat seems a little ailment.
It may be Tonsillitis, Quinsy, Croup or
Diphtheria tomorrow. Cure the Sore
Throat by taking TONSILINE, the one,
exclusive throat remedy, and pre-
vent those dreaded diseases.

One dose of TONSILINE will
give relief, and a very few doses will
cure. It is the stitch in time.

there was no reason to doubt that the
law would have dealt promptly and
fairly with the drunken wretch who
shot a policeman. Five men have now
been tried and acquitted, and, accord-
ing to the New York Evening Post,
in one case "the State's attorney had
to stand by and watch the crowd
cheer the acquittal of a man who had
confessed his participation in the
burning." We have neither the right
nor the desire to question the honesty
of the jury in finding that there was
not evidence enough to warrant con-
viction. But it is a disgrace and an
infamy to the community and to the
state that evidence against the per-
petrators of the shameful deed is not
forthcoming. Listen to the present-
ment of the Grand Jury: "Through-
out the whole course of our inquiry we
have been hampered and obstructed
by the attitude of the citizens of
Coatesville and vicinity having knowl-
edge of the commission of the crime
and the identity of the criminals. The
testimony we have taken clearly
demonstrates that immediately after
the commission of the crime a con-
spiracy of silence was formed, and
the citizens of Coatesville who have
knowledge which would assist in the
administration of the law have delib-
erately concealed that knowledge and
have refused to aid the officers of the
law and this grand inquest in its ad-
ministration." And what has come of
the declaration of Governor Tener
that the offenders "will and must be
brought to account for their dastardly
crime"? A Pennsylvania correspond-
ent writes to The Outlook that while
the local authorities were timid and
inefficient, the chief blame lies with
the Governor, who, he says, should
have sent detectives to the place and
have secured evidence; the crime was
committed with brazen openness;
hundreds of people know who were
the leaders; it would be perfectly
easy to get the facts. This corre-
spondent compares the efficient activity
of Governor Harmon of Ohio, in the
Newark lynching case with what he
considers the inertness of Governor
Tener as to Coatesville, and calls up-
on Governor Tener to suspend incom-
petent officials and throw the whole
energy and power of the State into
the task of wiping out the reproach
which will cling to it so long as this
crime remains unpunished. On the
very day of the Coatesville crime an-
other man was burned alive at Du-
rant, Oklahoma, and some of the
lynchers had a photograph taken of
themselves grouped around their vic-
tim. No one seems even to have sug-
gested their arrest!"

WALTER L. FLORY TALKS TO LAWYERS AND JUDGES-ELECT

Cleveland, O., Nov. 24.—Judges-elect
of the new municipal court banqueted
with the two bar association municipal
court committees last night. Rules of
practice and court regulations were dis-
cussed by the newly elected judges and
attorneys. Walter L. Flory, formerly
of Newark, who assisted in drafting
the municipal court bill for Cleveland,
urged the establishment of a settle-
ment docket for the new court.

"One-half the cases begun can be
settled if the right men undertake the
task without oppressing either side,"
Mr. Flory declared.

The new judges agreed with the
views as stated by Attorney Flory and
added that with the co-operation of
him and the Bar association the court
can represent the nearest to the ideal
that may be reached in court practice.

The members of the Proctor club were delightfully entertained at the home of Miss Anna Vietmeir at her home in Granville street on Thursday afternoon. An interesting program was given and a dainty refreshment served.

Mrs. Ben B. Jones entertained at her home in Hudson avenue on Monday evening with an informal dinner party. Covers were laid for six. Those present were: Dr. and Mrs. W. H. Sedgwick, Mr. Mills of Chillicothe, Mr. and Mrs. Ben B. Jones and Miss Minnie Jones.

The dinner appointments were exceptionally attractive on Thursday evening when Mrs. Edwin Besuden entertained the members of a dinner club to which she belongs. The only guest of the club was Mrs. George Wright of Washington, D. C., who is a guest at the Besuden home.

Mrs. Carl Dayton was the hostess to the Thursday Afternoon Bridge club on the club afternoon at her home in North Fourth street. The conclusion of the game found Mrs. Carl Dayton, Miss Jessie King and Mrs. H. B. Anderson holding the most points and the trophies were awarded to them. A supper of several courses was served. The guests of the club were Mrs. William Schroeder and Mrs. Frank Carpenter.

The Wednesday Afternoon Bridge club was entertained this week on the regular meeting day by Mrs. H. J. Wright at her home in West Church street. The souvenirs for the game were received by Mrs. Jesse D. Elliott and Mrs. Edward Williams. The guests of the club were Mrs. W. T. Moore and Miss Jessie King.

Newark Council No. 721 Knights of Columbus gave a very delightful dance Wednesday night in Assembly hall. Dancing was indulged in from 8:30 to 1:00 o'clock to the strains of music by Stevens' orchestra.

At 11 o'clock an elegant banquet was served in the balcony by Caterer Jos. Kuster to the following: Messrs. and Mesdames J. V. Gallagher, J. D. Keely, H. F. Borer, Carl Donahue, E. H. Ritter, C. F. Graff, W. Stapleton, John Baird, Wm. Shields, J. S. Sheridan, F. C. Campbell, T. J. Ferry, H. C. Rogers, C. J. Friel, Roman Adam, and J. The following invitations have been issued:
Alpha Chapter, Alpha Pi Fraternity, Assembly Hall, December 1, 1911. Dancing 8 to 1. Parker's Orchestra.

The Art Embroidery club had for hostess Thursday Mrs. Charles Root at her home in Eleventh street. The time was spent with the needles and socially, after which dainty refreshments were served. The guests were Mrs. Ray Berger, Mrs. J. B. McVey, and Mrs. Dave McCullough.

In two weeks the club will meet with Mrs. Fred Imhoff, 427 Maple avenue.

The S. G. C. club was pleasantly entertained on Tuesday evening at the home of Miss Anna Cross in Granville street. The evening was spent in various amusements and a delicious supper was served to the members.

Miss Mildred Bucy entertained very charmingly a few of her friends Tuesday afternoon, honoring her tenth birthday anniversary. The hours were spent in music and games and at five o'clock a three course dinner was served. Covers were laid for ten. Miss Mildred received many beautiful gifts and cards.

Those present were: Misses Eva

KILLS HIMSELF ON FAST TRAIN

Youngstown, O., Nov. 24.—Frank S. Benner, advertising manager of the Youngstown Vindicator, and one of the best known young men of the city, committed suicide late yesterday afternoon on a P. & L. E. train on which he was returning to Youngstown from Pittsburg, where he had been for the past ten days. Just after the train left New Castle he went into the smoking room and shot himself through the head, the bullet coming out the left temple.

Mr. Benner had purchased a new revolver at Pittsburg, and the tag was still on it when his body was found in the room. He left a note in which he said that he feared that he was going insane and did not want to be a care on his relatives.

Daddy's Bedtime Story
The Clever Dog Who Has a Paper Route

WHAT would you children think of having our newspaper left at the house every day by a jolly big dog instead of by a man? asked daddy.

"It would be fine," answered Jack and Evelyn.

"Well, if we lived in the Greenwich village part of New York city, we might," said daddy. "There is a clever shepherd dog there that belongs to a family named Welch. Mr. Welch is an invalid and a cripple, and Mrs. Welch keeps a little store to help make a living. She also sells newspapers, and some of these must be left at the buyers' houses every day.

"Beauty, as the Welch's dog is named, is Mrs. Welch's chief helper with the papers. Beauty's work begins at 5:30 every morning as soon as she has had her breakfast. She carries the papers to the neighbors.

"Mrs. Welch hands the dog a paper and speaks the name of the customer. Then Beauty takes the paper between her teeth and trots off. When she has left her paper at the right house the dog rushes back for another copy. Beauty gets over her route very briskly.

"Besides Beauty, Mrs. Welch has a boy who delivers papers. If Beauty is not busy when the boy starts out with his newspapers the dog will jump up and go with him. Then she helps him leave his papers at the houses of the customers. On the way home, when all the papers are gone, the dog and the boy have a romp back to the store.

"Mrs. Welch, who is very proud and fond of her dog, says that Beauty has never been taught to do all these clever things. She does them of her own accord.

"Three years ago the dog was sent to the Welch's by a friend who lived in the country. The very first morning when Mrs. Welch started out to leave some papers at neighboring houses Beauty went with her.

"The dog begged for a paper, and to try her Mrs. Welch held it out. The dog grasped it between her teeth, and when Mrs. Welch pointed to a house the dog darted away and dropped the paper at the door. Mrs. Welch tried her with another paper at the next house. By and by Beauty learned that each different name meant a paper was to be left at a certain house. Now she can start out from the store and deliver a paper if she is told the name of the person for whom it is meant.

"Rain or shine, summer or winter, Beauty is always ready to go out, and she does her tasks so cheerfully that she is a lesson to those of us who are not so fond of work as we should be. You know what the Bible says, 'Go to the ant, thou sluggard, and learn of him.' It seems to me that sometimes we might as justly say, 'Go to the dogs and learn of them.'"

Wash your clothes with GOLD DUST

Good soap washes clothes well—if you use enough elbow grease; but Gold Dust washes them more thoroughly and with little or no rubbing. Gold Dust saves half your time, and spares your poor back.

Another great advantage of Gold Dust—use any kind of water you like. Gold Dust softens the hardest water, and makes it soft as rain water.

Gold Dust is just a vegetable-oil soap in powdered form, with other cleansing ingredients added to make it work more thoroughly and quickly than soap ever can.

Just try Gold Dust next wash-day, and see how much time you save.

Gold Dust is sold in 5c size and large packages. The large package means greater economy.

"EVERY LITTLE OLIVE TABLET HAS A MOVEMENT ALL ITS OWN"

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well known physician in Portsmouth, Ohio, perfected a vegetable compound mixed with olive oil, to act on the liver and bowels, which he gave to his patients for years.

Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities.

All druggists sell these olive oil colored tablets at 15c. and 25c. per box.

DRUGGIST COLLINS HAS THE AGENCY FOR TONA VITA

New Tonic Being Introduced in This Country By Many Physicians.

The rush and hustle of American life is a constant strain on both mind and body. Gradually the human machine wears out under this unnatural strain and nervous debility results. Statistics show that half the people of the United States are in a run-down nervous condition.

A man or woman in this condition can get little happiness or success out of life. They feel tired all the time, having no energy or ambition and are gloomy, timid and despondent. They do not sleep well or eat well or feel well and life instead of being a pleasure seems more like a burden.

Are you one of these half-sick, listless, nervous people? If you are you know that there is a tonic now being sold that has brought back the old energy and pleasure in life to thousands who have tried it. The name of the tonic is Tona Vita. It is being introduced in this country by a number of physicians. It has been pronounced the greatest medicine ever before sold to the public. In each city there is an agent for Tona Vita who will refund the purchase price if the tonic fails to give you complete and entire satisfaction. Let Tona Vita build you up and bring back your strength and vitality. You will be astonished how quickly it acts. The very first dose will convince you what a great medicine it is.

Lee's Rhubarb Laxative is used as an assistant to Tona Vita in cases of chronic constipation. It is a family medicine pleasant to the taste containing the splendid laxative qualities of rhubarb. Ask your physician about rhubarb and see if he does not tell you it is the best possible laxative for children.

R. F. Collins has the agency for these two great medicines in Newark.

FESTIVAL OF CHORAL SOCIETY AT GRANVILLE

Final Concert To Be Given Tuesday Evening, Dec. 5, "The Messiah." Talented Singers to Participate.

Granville, Nov. 24.—The third annual Christmas Festival of the Englewood Choral Society, under the direction of Carl Balge Wood will be given in the Baptist church, Granville on Tuesday and Wednesday, December 5 and 6.

On Tuesday evening, December 5, will be given the first concert, "The Messiah." No oratorio, perhaps no musical work of any kind, is more universally known and loved than "The Messiah." Since its first production in 1742 it has grown steadily in eminence and in popularity, until now it is given annually in hundreds of places, and is almost an essential part of the Christmas festivities. Therefore, in accord with what seemed to be strong public sentiment, the executive committee decided to give the work its third annual performance here. One or two new choruses will be given from those previously omitted, including the magnificent "Worthy is the Lamb," and the whole performance will be brought up to the highest possible finish. The soloists will be Mrs. Leone Rogers-Wells, soprano; Miss Ruth J. Bailey, contralto; Charles R. Hargrave, tenor; and Mr. John M. Friske, bass. The chorus will be accompanied by Miss Elizabeth Benedict, organist, and the Denison orchestra.

The second concert to be given on

Wednesday evening, December 6, will be especially interesting. The two visiting singers will present a selection of solo numbers. In addition, as a special departure, the society has secured the services of Mrs. Edith Haines-Kuester, pianist-composer, who will accompany the singers and contribute a group of piano solos. As another attraction the Sheppardson Glee Club will sing Debussy's Lyric poem, "The Blessed Damozel," which proved such a feature at the last Spring Festival. Miss Rose, the director of the club, and Miss Chrysler will again take the solos, and the fine ensemble work of last year will no doubt have been perfected by subsequent practice.

Those who will take part in the Spring Festival are Lorene Rogers Wells of New York, soprano; Marion Grayson Rose, soprano; Allert Chrysler, mezzo soprano; Ruth Jeanette Bailey of Boston, contralto; Charles Hargrave of New York, tenor; John Moyses Priske of Boston, bass; Edith Haines-Kuester of New York, pianist; Elizabeth Benedict, organist; Denison orchestra, Sheppardson Glee Club and the chorus.

At the last regular meeting of the Travelers' club held this week, the following interesting program was carried out: "Sheep Raising," Mrs. Howe; "The Colorado River," Mrs. Dorsey. The paper of Mrs. Dorsey was read by Mrs. Clemons. Both were exceedingly interesting and after they had been thoroughly discussed the club adjourned to meet on November 27.

Miss Faye McKinney of West Virginia, a student at Denison university, made a short but pleasant visit in Bucyrus the guest of Miss Mildred White.

Mr. and Mrs. James D. Noble of Wilkesbarre, Pa., who have been visiting relatives and friends in and about Granville during the past week, left for Cleveland where they will make a short visit before returning home. Mrs. Noble is a daughter of H. D. Davis, residing several miles north of the village, and is well known by many of our people.

Mrs. Cole, wife of Prof. Cole of Columbus is spending a few weeks with Mr. and Mrs. E. M. Downer at their home on Broadway. Mr. Downer has been critically ill for some time.

Word has been received here that Frank Scott, son of the late Mr. and Mrs. William Scott, had died at the Soldiers' Home, Washington, D. C. on Saturday, November 18. He survived by two brothers and two sisters, Mr. Edwin of the Soldiers' Home, Sandusky; Fred H., of Charleston, W. Va.; Mrs. Nellie Anderson, Granville, and Mrs. Belle Beall of Newark. The remains arrived here Thursday night and the funeral services were held on Friday.

Arthur, the little son of Mrs. Susan Bowden had the misfortune to fall and break his collar bone while playing at school one day this week.

A large number of rooters will accompany the Denison team to Delaware Saturday. This game will be one of the hardest fought football contests in Ohio this year, and the Denison boys are going over to Delaware full of confidence, and expect to win. Hand bills have been issued telling every Denison student that he is a dub unless he plans to go to Delaware and root for the Denison team Saturday. The game is bound to be fiercely contested.

Rodney McCollum of Columbus is the guest of his parents, Mr. and Mrs. E. R. McCollum.

All during the nice, long winter which is just beginning, people of Granville can have no more attractive and no more useful amusement for their leisure than planning the public improvement which the city still needs.

The Intermediate Basketball League.

These teams meet every Tuesday and Friday evenings from 7:00 to 8:30. After a series of set exercises by the director they play basket ball. Three teams have been organized in this intermediate gym class, but very soon we expect to have another team in the field so that every class night every team will be able to play. Rivalry between the teams runs high. The following is the line-up:

| Athletics | G | W | L | Pct |

DELINQUENT WATER USERS MUST PAY UP

The several clerks in the office of the director of public service are busy just now, mailing delinquent notices to users of city water who have failed to pay water rents for the last quarter, which ended on September 30th, 1911. There are quite a number of persons who have failed to pay their water rents, and unless this is done within 15 days from the time the delinquent notices are mailed, the service director will instruct the superintendent of the water works department to turn off the water.

OLD PEOPLE'S HOME FAILS

Inmates Thrown on Charity. A "home for old people" recently became bankrupt in Detroit, and many inmates who had paid into it every dollar they had in the world, expecting to be assured of a comfortable old age, were thrown on charity. We say that every institution of this nature ought to be under supervision of the state so such things could not happen. It is the duty of the young and strong to safeguard the welfare of the old and feeble. Their health and vigor, for example should be kept up as much as possible. Nothing is so good for this purpose as Vinol, our delicious cod liver and iron preparation without oil. Miss A. H. Ralston of Mt. Vernon, N. Y., says: "As a tonic, I think Vinol is excellent and especially for an old person. A condition of general debility which had lasted for months yielded promptly to Vinol and this gives me the fullest confidence in it."

Vinol is not only pleasant to take, but always agrees with the stomach and we guarantee it absolutely. F. D. Hall, druggist, Newark, Ohio.

MARCELLA P. RICHARDSON The famous trained nurse of Bow War says: "I have used and recommended Mrs. Mason's Old English Shampoo for years to make the hair grow and strengthen it. Nothing like it." F. D. Hall, druggist, Newark, Ohio, and other druggists, 25c a tube.

THE BUCKEYE

STATE BUILDING LOAN ASSOCIATION will move from its temporary quarters at 40 West Gay Street to the new Rankin building, 22 West Gay Street, Columbus, O., in about one month. The present temporary place with fire vault will be for rent and the old furniture and fixtures will be for sale. Here is an excellent opportunity for some wide-awake business desiring a very central location. The Buckeye pays five per cent of time deposits. Assets \$5,000,000.

THANKSGIVING DONATION FOR CITY HOSPITAL

The time for the annual Thanksgiving offering for the City Hospital has again rolled around. The managers are encouraged by the generous gifts made last year to appeal to the public once more. The needs, like those of our own households, are constant and in fact, multiply from month to month. The hospital work commends itself to every right-minded citizen. No one now thinks that a hospital is a waste of money. The Greater Newark is a useless and extravagant expenditure of money. Thirteen years of such service a even our small plant has rendered has justified its existence. No one can now find a citizen who would be willing to do without so necessary an institution as a hospital in our city, so full of shops and factories.

The board, therefore, commend this cause to all interested, and beg you to lend a hand and send a Thanksgiving week some of the following much needed articles. Last year money to the amount of about \$90 was contributed. The same amount, nay, more, would be very acceptable and well expended. Please read over the list and decide what YOU will do:

List of Needs.
Money, sheeting two yards wide face and bath towels, cotton bird's eye for operating room towels, table napkins, tumblers, vegetables of all sorts, canned fruit or dried fruit or any kind, also apples, oranges, lemons, etc., groceries in general.

VALUABLE CAT HAS \$50 COFFIN

Logansport, Ind., Nov. 24.—An Angora cat, valued at \$1000, which came to its end in a street dog's jaws, yesterday was buried in a \$50 coffin in the garden of Mrs. J. F. Getty's home. The coffin was made with silk, had silver handles and bore a silver plate engraved with the cat's name.

Mrs. Getty had won ribbons with her pet at national shows.

REMARKABLE RECORD

Flesh-Forming Food That Succeeds Nearly Every Time.

A man or woman might as well starve outright as to take food into the stomach and not have it assimilated, yet in Newark, as well as in every other town and city, there are many people who are thin, pale and seem underfed, simply because the food they eat is not assimilated and fails to make good blood and firm flesh.

Samose, the wonderful flesh-forming food, taken before or after meals, mingles with the food, so that it is assimilated by the system and makes rich blood and pleasing plumpness. No one can use it for a week or ten days without a noticeable gain in weight. Statistics show that out of every one hundred people who commence the use of Samose, 98 will find a full gain in weight and restoration to health and strength.

Any one who is weak, thin, scrawny and emaciated can put 50c on deposit with W. A. Erman & Son and take home a box of Samose. If the treatment does not give a noticeable increase in good, firm flesh and restore strength and health, they will return the money without any questions.

AN UMBRELLA FOR CHRISTMAS

Just what every one needs and no matter if you have one you can use the second. You'll make no mistake if you make that Christmas gift an umbrella. The best kind to buy is the next question, and that's easy, because there's only one answer—"Hull Umbrella." It's the most reputable umbrella in the market and Haynes Bros., the jewelers, at 8 North Park Place, are the exclusive agents in this city. It has detachable handle and those made of the Union Taffeta—the kind that don't crack—are guaranteed to be entirely satisfactory. The handles come in gold filled, silver and pearl and the prices run from \$2.50 to \$10.00. These make a gift that can't fail to be appreciated.

Hundreds of Christmas gifts are ready for your inspection at Haynes Bros. Make your selection now, and they will lay them away with a small deposit. 24-27-29

Has Beens Win From Zanesville.

Last night the Has Beens of Newark took the crack Mission team of Zanesville over 100 pins in three games. James Byron Dickinson of the Has Beens had high average for the evening's pastime. There is possibly a reason for Byron rolling in such grand form, as he was forced to take a very long walk in the Clay City a short while back, and he swore revenge last evening before the games started. LISK'S Self Basting ROASTER

The Lisk Roaster is warranted absolutely self-basting, the top being concave, all the juices from roast continually drip back on center of fowl or roast—basting better than you possibly could by hand—even the white meat of a fowl is juicy. The Lisk Roaster is absolutely sanitary, made from one piece steel with four coats of Lisk's Fire Proof Enamel; made in two colors, Turquoise Blue and Imperial Gray; four sizes. The Lisk Roaster will last a life time and will save 20 per cent of roast or fowl over the ordinary so-called self-basting roasters.

NO LICENSE IS NECESSARY FOR BEE HUNTERS

Albany, N. Y., Nov. 24.—Bees are not considered game under the laws of New York state and no hunter's license is required to hunt them, according to a decision by the counsel to the state conservation commission. Several bee hunters in the northern part of the state, where the sport is very popular, recently asked for licenses permitting them to cut down bee trees and gather wild honey. They will be informed that no licenses are necessary.

HEIRESS WANTS DIVORCE FROM BOY HUSBAND

Ellyria, Nov. 24.—A petition was filed here by Mrs. Lillian E. Dawley, the 17-year-old daughter of W. R. Huntington of this city, asking for a

decree of divorce from her 18-year-old husband, Noyes Dawley. The grounds on which a divorce is asked are not known, as the papers were taken from the court house as soon as they were filed.

The couple met at Asheville, N. C., last May, where Dawley was attending school, and were married. The parents of the couple separated them on account of their youth.

Mrs. Dawley is heiress to two valuable estates in New York. Young Dawley's father is a wealthy Parkersburg, W. Va., banker.

CLAIMS LOW AIM PREVENTED GIRLS KILLING STOKES

New York, Nov. 24.—Ethel Conrad and Lillian Graham would probably have killed W. E. D. Stokes if they had not aimed low to allow for their revolvers "jumping" when they shot the sportsman in the legs last June, it was alleged yesterday by Assistant District Attorney Buckner when the two show girls were placed in trial charged with having attempted to take Stokes' life.

Mr. Buckner, in opening for the prosecution, told the jury that the clerk from whom the girls bought their revolvers had advised them to point two feet below the object they wanted to shoot, "as, being amateurs, their revolvers were sure to jump up."

"The fact that Stokes is alive today is due wholly to the advice of this clerk," declared the attorney. Counsel for the defense in the questions put to witnesses while the jury was being picked indicated that the plea of the girls would be self-defense.

The jury was obtained with comparatively little difficulty, and court adjourned following the prosecutor's statement.

There is but one unmarried man on the jury. That more unmarried men were not chosen on the jury is said to have been due to the young women who, through their counsel, fought against bachelors examined as talesmen.

AMUSEMENTS

Last Night's Play.

Mary Emerson and company played to one of the largest audiences of the week at the Auditorium Theatre on Thursday evening. Miss Emerson's brilliant work during the week as well as that of her company is winning a place in the admiration of the Newark theatre patrons and her production of "Lady Frederick" was enthusiastically received.

Miss Emerson appeared at her best in the title role and every member of the company was most capable in the role assigned.

Tonight the play is "The Power Behind the Throne," which is one of the best plays the company presents. The play is so constructed that it gives vast opportunities for clever acting and attractive scenic equipment.

What the Press Agent Says

THE ORPHEUM.

One of the best shows in the history of the house, opened at the cozy Arcade theatre yesterday and the many patrons seemed not only greatly pleased, but really surprised to see such an entertaining bill for such a small price. It was known that the Royal Italian Four had won for themselves a record in the musical world as the best string performers in vaudeville, but they are far beyond all expectations. They play both the classical and popular selections with a sweetness that wins for them a hand from every listener. Dainty Alice Van reveals everyone when it comes to offering a single act. She enters handsomely gowned and with a dainty little dance and song she immediately wins the favor of every patron and then with a wonderful skill she plunges right into her work, introducing the Spanish, German, Scotch, Japanese, Irish, Britannia, American, Hungarian and Negro dances and every dance is properly costumed. Her quick changing is a big feature of the act. The changes for the several dances are made with such rapidity, before your eyes that while you can see how she does it yet it seems almost impossible. Miss Van doesn't leave the stage during her entire performance. Wolf and Zedelt are truly the eccentric pair they were billed to be. There is not a dull moment throughout their act, but every one is filled with good, witty comedy. Their acrobatic stunts are perfectly marvelous and wins for them repeated applause. Ed Loop, the stut-

tering bell boy, kept all laughing with his clever antics. He has comedy, good and new, while his make-up is enough in itself to provoke a good, hearty laugh. The Orpheum has a feature film. A quiet little hint—secure your seats early for three capacity houses daily can not help but greet this bill.

KEITH STOCK CO.

It is doubtful if the local patrons of the Auditorium will be offered during the present season an opportunity of witnessing a more extensive selection of high class plays than will be offered by the Keith Stock Co., beginning Monday, Nov. 27.

Among the splendid plays to be presented are the following metropolitan successes: "Shore Acres," "The Vinegar Buyer," "His Last Dollar," "The Peddler," "Man Zelle," and others of the same type. Each play is presented with its original scenic equipment and mounted with the same careful attention as did its first performance receive. David Higgin's play, "His Last Dollar," has been selected for the opening play. Ladies free Monday night. Seats on Sale Friday.

Fry fish, then potatoes

You can fry any kind of fish, smoked or fresh, in Crisco, and the Crisco will not absorb the fish flavor or odor.

You then can use the same Crisco for frying potatoes or any other food without imparting to it the slightest fish flavor.

Try this and see that it is possible.

Heretofore it has always been wasteful to fry fish because it meant the throwing away of so much lard. With Crisco not a drop need be thrown away. It can be used and re-used.

DR. H. W. WILEY TOLD OF EFFECT OF PURE FOOD ACT

(By Associated Press.)

Philadelphia, Pa., Nov. 24.—"The effects of the pure food and drugs act have been most salutary," declared Dr. Harvey W. Wiley, chief chemist of the Department of Agriculture, principal advocate of that measure in an address before the American Academy of Political and Social Science here last night.

"Not only has it inspired a new code of ethics in the trade of pure foods," continued Dr. Wiley, "but it has made it possible for honest dealers to conduct a business without the ruinous competition of adulterators and de-basers."

The theme of Dr. Wiley's address was the pure food and drugs act which he strived for many years to have enacted by Congress. He told of how the "special interests" got together and blocked the enactment of the bill, which sometimes passed one house of Congress only to be killed in the other. Friends of the legislation, he declared, had waited for the education of a public opinion which would emphasize so strongly the necessity for its passage that even its opponents could no longer obstruct.

"This great fight," he said, "went on for more than a quarter of a century before the passage of the act of June 30, 1906."

Dr. Wiley epitomized the result that the pure food and drugs act has had on the business world. The unethical spirit of commerce in foods and drugs, he asserted, had been wholly reformed and the character of foods and drugs offered for consumption had been immensely improved.

"These effects have extended not only to foods and drugs," he averred, "but to correlated business interests and now the people are crying for enactment of 'pure food' laws for all forms of merchandise. The hope is not idle that in many years all forms of business will be controlled by the ethical spirit which animates the food and drugs act."

Dr. Wiley opened his address with the assertion that the primary cause of the pure food law was the cupidity of commerce.

"The keen competition of trade," he said, "led men to debase the wares which they hoped to sell at the price of the genuine article. If they did not debase the genuine article they made an imitation of it which they offered under the name of the genuine article. If they did neither they misrepresented the qualities of the article, ascribing to it virtues of all kinds which it did not possess."

A symposium of methods which were used by these adulterators was then given by Dr. Wiley.

He said the makers of these goods were not prejudiced against humanity, or bear any enmity to man as an animal.

"The conscience of the people," he declared, "was seared as with a hot iron and these practices were boldly conducted by men who would have spurned any imputation of dishonesty or crooked dealing and yet every one of them was getting money under false pretenses and was as much a thief as if he had gone upon the highway in the good old-fashioned Robin Hood manner. These then were the evils to be corrected."

"The fight for pure food was a fight against the communism of greed. All the interests stood together. They felt that if one was sacrificed all might go, hence every moment which was made to correct this condition of affairs by legislation was met with the united and thoroughly controlled lobby representing the interests of every de-

scription which were thriving on the sale of adulterated and misbranded foods and drugs. These interests did not fight in the open except on rare occasions. They tried to conceal their identity and their purpose, and usually appeared as friends of pure food and drug legislation and thus urged certain amendments or verbiage, which if adopted would have let out the offenders one and all.

"If they could not succeed in this they brought substitute bills with a show of honesty and yet full of flaws favorable to corrupt practices. They never for a moment ceased their active opposition and to the legislator who did not look under the surface, their arguments seemed somewhat plausible and were for many years effective."

"A bill is pending for a 'pure food' law for paint," said Dr. Wiley in concluding, "and so it extends from one realm of commerce to another."

TO BUILD UP THE HEALTH

Take a Tonic for the Blood and You Will Be Surprised to See How Troublesome Symptoms Disappear.

Good health is more nearly a question of pure blood than most people think.

When the blood becomes thin and impure the system breaks down at its weakest point, perhaps the nerves or the stomach. But the trouble is in the blood and when the blood is restored to its normal condition the disease, whether of the nerves or stomach, is cured.

There can be no permanent cure of a trouble caused by thin blood until the blood is built up.

"I had not been well since my baby was born nearly three years ago," says Mrs. O. E. T. Wilde, of No. 1011 Clark street, Cincinnati, Ohio. "I doctored and doctored and nothing did me any good. My physician said I was going down hill as fast as I could go and that there was danger that I would die of consumption. I lost flesh until I weighed only 100 pounds. My stomach was out of order and I had no appetite or ambition. I had a constant cough and looked haggard. I couldn't sleep soundly, would wake up at night and couldn't get to sleep again. I was so short of breath that I couldn't walk upstairs without pausing hard."

"The doctor told me to go to the country and while there my mother said, 'Why don't you try Dr. Williams' Pink Pills for Pale People again?' I had had typhoid fever when I was twenty years old and the attack left me very nervous. I took the pills then and they did me a great deal of good. So I started on them again. Very soon I began to notice that I could sleep soundly at night. This was the first sign of improvement. My nerves became stronger and my appetite became good. The cough left me entirely and so did the shortness of breath. I became strong and well and the neighbors all spoke about how healthy I looked. The color came back to my face and now nobody would think that I was ever threatened with consumption."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y. Send for our free diet book and pamphlet on "Diseases of the Blood."

HUSBAND HAS CONFESSED TO KILLING WIFE

Ft. Wayne, Ind., Nov. 24.—Wm. T. Walker, lineman, employed by the Home Telephone Company, confessed to Chief of Police Abbott today that he murdered his wife, formerly Kate Sowers of Van Wert, O., on the night of Sept. 3 last, and buried her body in his back yard on Spring street.

Walker confessed that after a quarrel with his wife, because he found her on the street with two men, he went to bed, only to awake and find her standing over him with a hatchet. He says he struck and choked her to death.

He kept her body for several hours in the house and then buried her back of the grape arbor. The woman formerly lived in Van Wert, O., where she married and was divorced from Charles Hosford. Her next husband was a man named Schreck. Her third husband was Peter Certia of this city, and Walker her fourth.

Walker is 34 years old and has lived here for 11 years. His father and sister live in Columbia City.

When seen at the police station, Walker seemed stolidly complacent, and said that it was his intention to give himself up when arrested. He wanted, he said, to clear up the mystery and relieve his conscience of the load he was carrying.

HORSE RANGERS ON THE JOB

Hamilton, O., Nov. 24.—William and Al Clark, brothers, and Cyril Eberstall of East Hamilton were arrested last night and confessed to robbery of the general store of Wilson McCarrand & Co., at King's Mills, Ohio, last night. The Horse Rangers of Warren County, trailed the men to Hamilton.

AGED WOMAN HAS CONFESSED DRAWING PENSIONS ILLEGALLY

Charleston, W. Va., Nov. 24.—The sequel to the strange story of the Widow Brown was written in the Federal district court here yesterday when Mrs. Frances Brown, aged 70, and her two brothers, Alfred Mooney, 76, and A. H. Mooney, 80, both veterans of the Civil war, appeared before Judge B. F. Kellar and confessed to a charge of perjury.

Frances Mooney, a native of Kanawha county, a handsome young woman at the close of the Civil War, married Charles W. Brown at Gallipolis, Ohio. Brown had been a dashing young officer in the Federal Army, and soon wearied of his bride and deserted her.

The first matrimonial experience of the handsome Widow Brown did not weaken her faith in mankind, and five times again she was led to the altar. Several time Mrs. Brown married soldiers, and after their death drew pensions from the Government.

Her sixth husband was James Kelley, and after his death she again assumed the name of Brown and made an application as the widow of Charles W. Brown. The application was substantiated by the affidavits of her two brothers.

Government Sleuths investigated the strange case and Mrs. Frances Mooney-Brown-Estep-Larrison-Clark-Congleton-Kelley and her aged brothers were arrested and indicted some months ago, and in Federal Court confessed their guilt on the charge of perjury. Judge Kellar suspended sentence until the next term of the court, owing to the age of the trio.

NEWARK "Y" VS. COLUMBUS "REPS."

The Newark Y. M. C. A. basketball team will open their coming season with the Columbus "Reps" next Tuesday night at the "Y" gym. The game will be called at 7:30, so that everybody will have plenty of time to get there.

CONGRATULATORY LETTERS SENT TO BOARD OF TRADE

Every day the Board of Trade receives a large number of letters in reference to the recent publication of the booklet "Greater Newark." The books are still selling rapidly and in a short time the entire edition will be gone. If you have not bought your supply for out of town friends, better do it now.

The Newark Book issued by the Board of Trade has been received and I thank you for the information contained. The book shows in a very interesting way the manufacturing and commercial interests of Newark and I have read with a great deal of interest the views of the mayor-elect about the enforcement of the law. With best wishes for the continued success of the city of Newark, A. W. Thompson, General Manager, Baltimore & Ohio Railroad company, Baltimore, Md.

"The Newark Board of Trade certainly deserves credit and praise for issuing a book which possesses so many points of excellence. The idea of using actual photographs throughout the book to tell the story of Newark's achievements is most practical. These pictures tell Newark's interesting industrial story quickly and convincingly. I have received a great many books issued by commercial clubs, Boards of Trades and city organizations but I do not know of any which presented a story of a city so briefly and so clearly. This book certainly possesses qualities of civic salesmanship which should bring more business into Newark."—Chalmers L. Pancoast, magazine writer and Town Development expert, Chicago, Ill.

"I should have acknowledged some days ago the receipt of the interesting and charming little booklet published by the Board of Trade but I have been a little under the weather for the past week. I enjoyed the contents very much and shall keep the book in my library for further reference. I congratulate you upon the success of it."—C. M. Stadden, Attorney, Washington, D. C.

"I have your valued favor of the 21st inst., also clipping from paper in regard to 'Park Improvement' with which I am very much pleased. I hope, and have no doubt, the businessmen of Newark will see that such needy improvements are carried out. Newark is a beautiful town, and with her park made beautiful, will be very attractive."—E. A. Kitzmiller

CATARRH OF THE STOMACH

A Pleasant Simple, Safe and Effective Cure For It.

COSTS NOTHING TO TRY.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour, watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue, and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure of this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston, the safest and best treatment is to use after each meal a tablet, composed of Diatase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

The plan of dieting is simply another name for starvation, and the use of prepared foods and new fangled breakfast foods simply makes matters worse as any dyspeptic who has tried them knows.

As Dr. Bennett says, the only reason I can imagine why Stuart's Dyspepsia Tablets are not universally used by everybody who is troubled in any way with poor digestion, is because many people seem to think that because an medicine is advertised or is sold in drug stores or is protected by a trademark it must be a humbug, whereas, as a matter of truth, any druggist who is observant knows that Stuart's Dyspepsia Tablets have cured more people of catarrh of the stomach, indigestion, heartburn, heart trouble, nervous prostration and run-down condition generally, than all the patent medicines and doctor's prescriptions for stomach trouble combined.

Stuart's Dyspepsia Tablets is the safest preparation for the stomach and the simplest and most convenient remedy for any form of indigestion, catarrh of the stomach, biliousness, sour stomach, heartburn and bloating after meals.

For sale by all druggists at 50c a box. Send your name and address today for a free trial package and see for yourself. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Don't forget the opening of the Union 5 and 10 Cent Store Saturday, Nov. 25, 1921.

SURELY BREAKS A SEVERE COLD IN A FEW HOURS

It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken will cure Grippe or break up the most severe cold, either in the head, chest, back, stomach or limbs.

You distinctly feel the cold breaking and all the disagreeable grippe symptoms leaving after the very first dose. It promptly ends the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

INTERNATIONAL SWEEPSTAKES AT MOTOR SPEEDWAY

Indianapolis, Ind., Nov. 24.—Who wants a salary of \$26,250,000 a year?

The figures almost stagger the average person who figures that a salary of \$2,500 a year is good, yet the use of a little calculation shows that the winner of the second annual 500-mile International Sweepstakes motor race on the Indianapolis Motor Speedway, Memorial Day, will be drawing a salary of that rate for the time consumed in the driving contest.

The figures would amount much higher if the side money which will be given along with the \$50,000 purse is considered. The winner will receive \$20,000 from the Speedway, while the makers of various accessories will contribute about \$5,000 additional to his pot of gold and donate liberally to the winners of the other eleven prizes offered, which brings the total to \$50,000.

On a mileage basis, the winner will receive \$40 for every mile driven and the rate of travel maintained in the race will be more than 75 miles an hour. This is the richest offer ever made in the history of automobile racing and will prove a magnet for the greatest pilots in the world. True, the race will be one of the toughest battles ever fought in the cylinder conflict world, for 500 miles is a test supreme of both man and metal, but the gold and glory are greater than the hardships which will be undergone, and danger is not an element of consideration by the fearless masters of the motor.

The international character of the event is assured, as the French, German and Italian makers are as much interested as the Americans. From the standpoint of the spectator this contest will be one of the most thrilling in annals of motorism. Seven hours of a speed battle royal is what they will see, and the motorizing public today demands more from men and machinery than any other class of people. That demand is to be satisfied at the cost of thousands of dollars.

And yet perhaps the reader wonders why the Speedway should hang up a purse of \$50,000.

The manufacturer does not enter the racing game simply to see his car whirl round and round the track. He enters the game for the publicity that he receives from the publicity attached to the event, to study his car while subjected to the test of high speed and to learn its possibilities.

The racing game is an expensive proposition. The drivers do not care to compete in events where sufficient prize money is not offered. Neither does the manufacturer care to race for charity. Thus the Speedway, by hanging up this great purse, settling the date of the race, almost at the opening of the season, and with its special, constructed track, will be able to give the public not only a long race, but it will bring the best cars in America and possibly from Europe to the track for the five century grind.

NOT EVEN ROOSEVELT

Can Save the Day in the Next National Campaign, Says Mack

Mt. Clemens, Mich., Nov. 24.—"Not even Theodore Roosevelt could win for the Republican party next year," said Norman Mack, chairman of the Democratic national committee, here yesterday. "If he is nominated he will have a hard time explaining to the people his part in that Tennessee Coal and Iron deal. That alone will prove his undoing. If anyone thinks Roosevelt is not a strong candidate he is mistaken. He would be harder for us to beat than LaFollette. But I do not believe that he can win, because the people have thoroughly made up their minds to defeat the Republican party."

It is a bit odd for Mr. Roosevelt to find out just at this time, as he did in the Outlook, that the entire trust system is wrong and ought to be wiped out.

No Need for a Pastry Flour

If you buy flour from low-grade wheat—

Flour imperfectly ground—

Flour not properly sifted—

Then you'll need another flour—a better flour—when you come to make dainty desserts.

But, if you buy Gold Medal Flour—

Made of premier wheat—20 times ground—sifted 10 times through silk—

You'll need no better flour for anything. You can't get any better.

It's a bad mistake, for any purpose, to get inferior flour.

You save nothing by it. You get less bread—immensely poorer bread. And part of it can't digest.

Flour is all-important.

If you knew, as we know, all the vast difference, you would always insist on the leading flour of the world—

WASHBURN-CROSBY'S

BEATTIE

(Continued from Page 1.)
ed at the prison long before dawn. With prayers and entreaties he besought Beattie to tell the truth about the crime.

"To go before your Maker with a lie upon your lips," exhorted the pastor, "is sacrilege. If guilty, speak."

Later when asked by James B. Wood, superintendent of the prison, if he had anything to say before the sentence of the law was carried out, he said:

"I have nothing to say."
"I have nothing to say, now or later," he is said to have declared to the superintendent. He kept his word.

Beattie passed a fairly peaceful night although his sleep was broken. When he arose this morning he dressed with his usual care and ate sparingly. He did not appear either nervous or apprehensive, although he was incessantly under the eyes of his guards who had redoubled their vigilance in the final moments so that the law might not be cheated.

During the reading of the death warrant, he swayed, but so imperceptibly that he might have been shifting his weight from one foot to the other. When the deputy wardens fell in one either side of him he bowed his head a moment.

"I am ready, gentlemen," he said simply and the death march was begun. Just before Superintendent Wood and his men appeared Rev. Dr. Fix knelt in prayer with the condemned man. He prayed for divine forgiveness for him.

In a torrential downpour of rain the twelve witnesses to the execution tolled through the murky dawn up the hill from which the penitentiary looked down upon the city. They were quickly marshaled and conducted, single file through gates of steel bars to the chamber where Beattie was to offer his atonement. There was no conversation.

Within the chamber all was in readiness. The chair, a solid structure of oak, would ordinarily have appeared like the chairs seen in scores of libraries throughout the land. In the somberly bare chamber, however, it was sinister. Straps dangled from its arms and back, and shining steel clamps appeared in the light of the electric like tentacles outstretched to clasp a victim.

The witnesses were seated, six abreast in an angle of the room. They shuffled their feet uneasily and when one leaned forward to speak to another his action was received with frowns. Major Woods, with two deputies, addressed the witnesses, going through some small formality demanded by the law.

In the death chamber the voice of the warden could be plainly heard reading to the doomed man the final summons.

The warden's voice droned on, it seemed to the witnesses, interminably. In reality the compliance with law occupied only a brief moment. Then, with Beattie between them, the deputy wardens began their progress to the chair only a few feet away.

When the procession, followed by Superintendent Woods started, a signal was given which plunged the death chamber into blackness save for a single light immediately over the chair. This was so hooded that it outlined the chair in a circle of blazing light so intense that the remainder of the room seemed in utter darkness. The witnesses scarce could see each other. The prisoner saw nothing but the chair.

There was no delay in preparing for the end. Beattie took his place, the prison surgeon and the electricians adjusted the straps, a half dozen clamps were quickly thrown into place and snapped. The cap, resembling a leather football head harness, was adjusted and the men stepped back. The warden raised his hand. Instantly Beattie's body stiffened with such violence that the straps creaked with the strain, the clamps rattled as though they were castanets in the hands of death and then that which once had been Henry Clay Beattie, Jr., relaxed.

It was just 7:23 a. m. when the shock was applied. One minute later Beattie was dead.

The surgeon had gone forward and with a stethoscope had listened for another faint beating of the heart that less than sixty seconds before had lived. He stepped back.

"He is dead."

The witnesses filed out. One or two were hastily pale as they stepped into the early morning light.

Carrriages were waiting for the witnesses and they were driven rapidly away. The identity of but a few was known.

After the legal formalities had been complied with and the witnesses had gone, the body of Beattie was removed from the chair and taken to the room adjoining. Here it was laid to await the coming of the coroner, who arrived shortly afterward.

The Rev. Dr. Fix remained as the sole watcher. All preparations had been made for the removal of the body. The elder Beattie last night sent to the undertaker the brown suit which his son had worn in court when the jury declared his guilt. In this the body was clad for burial.

HAVE STAMPED OUT EPIDEMIC AT GRANVILLE

Granville, Nov. 24.—The epidemic of scarlet fever which has been raging here for the past few weeks, has about been stamped out, owing to the vigorous measures adopted by the authorities. At the very beginning of the outbreak of the disease, Dr. Follett, the health officer, began an active campaign against the disease, and thanks to his efforts, as well as to those who assisted him, it was soon checked, and there have been no new cases for some days. Dr. Warren of the state board of health, was in the village and made a careful examination of existing conditions. He found that all the school rooms, the Sunday school rooms and the opera house had been thoroughly fumigated and that other measures had been adopted in the interest of health. He paid Dr. Follett a high compliment for his skill and said he was glad to say that he had found Granville one of the healthiest towns in the state.

Believes This will "Cure Lung Troubles"

Consumption is a dastardly disease—that is one of its chief dangers. Those who have it are rarely willing to acknowledge the fact.

If this trouble is present, it is no time for trifling. Don't waste time in argument. If a so-called "cure" has long resisted, if a cough is present that keeps you anxious or any of the symptoms are present such as fever or night sweats, weakness and loss of appetite, and perhaps, some raising of mucus—do the sensible thing; take E. K. M.'s Alternative, as Mr. Bellamy has done.

Bowling Green, Ky., R. No. 4.

"Gentlemen: I wish to say for your attention that I believe it to be a medicine of unequalled value for all Bronchial and Lung trouble.

The Spring of 1908, I had a severe cough for six months. I tried all the medicine that my friends and doctors recommended to me, but no results came from it. I felt that I must see a doctor and would cough and spit up every night until I got so weak I could hardly do anything. But at last, James Deering, of Chicago Junction, insisted that I try his medicine, which I ordered at once and began taking the same. In one week's time there was quite an improvement in my condition, and after I had taken several bottles I felt as well as ever in my life. I never waste any drug or compound in recommending your medicine before, as there are so many fakes that a medicine of genuine quality don't get credit as it is tried.

"I desire the world to know that I fully believe that your E. K. M.'s Alternative will cure any case of lung trouble, if taken before the last stage. I will gladly write personally to any party wanting information in regard to your wonderful medicine." (Signed) A. B. HUTTENBACH.

E. K. M.'s Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases, and write to E. K. M. Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists.

BEATTIE MAKES FINAL STATEMENT

Richmond, Va., Nov. 24.—The following was given to the press as the last message of Henry Clay Beattie, Jr., late Thursday evening.

"Try to think a little kindly of me. I am going to die tomorrow morning. This is the last day I shall pass on this earth. And I am glad the torment is so nearly over."

"It would mean a lot to me if I could only know that even a few people do not hate and despise me, that they even feel a little pity for me as I am to die."

"I never was much of a talker, but I want to try to say something for

UNION LABOR TO ADD \$60,000 TO McNAMARA FUND

Atlanta, Ga., Nov. 21.—By a vote of 196 to 7, the convention of the American Federation of Labor requested all salaried officers of the Federation and affiliated unions, to give one week's pay to the McNamara defense fund.

President Gompers estimated that about \$60,000 will thus be added to the fund, now reported to be about \$240,000.
Another action aimed to help the McNamaras was the adoption of a resolution framed by President Gompers himself, endorsing the candidacy of Job Harriman, the Socialist candidate for mayor of Los Angeles, and calling upon wage workers all over the country to give moral and financial support to Harriman's campaign as lay within their power.

The convention headed off a resolution to have the body make a direct appropriation of \$50,000 for the McNamara fund. A sum greater than that by \$10,000 will be raised by the voluntary contributions of labor officials, if all respond to the appeal.

The convention voted to continue the defense of the three leaders in States supreme court, Chief Justice the Gompers-Mitchell-Morrison contempt proceedings in the United White having refused yesterday to dismiss the charges in that court, thus upholding the report of a special prosecuting committee which had investigated the cases.

ELUSIVE PASTOR FOOLS OFFICIALS OF TWO STATES

Washington, Ind., Nov. 24.—Rev. Elmer E. Davidson, formerly pastor of the Christian church in this city, who has been a fugitive from justice for two years because of his alleged fake marriage to Laura, only daughter of former Mayor Hale Clark, had sport with officials here by coming unexpectedly to the city yesterday, acting as guest of honor at an informal reception, tendered at the home of James Wilson by the members of his former flock, and then disappearing just as Sheriff Colbert arrived with a bench warrant for his desertion.

Davidson made his get-away as cleverly as he did at Piqua, O., a year ago, when at the close of a sermon he hurried to the basement of the church, crawled through a window and escaped from the chief of police, who was in the audience, awaiting the end of the sermon so that he could arrest the preacher.

During his interrupted visit here the minister informed his friends he had been visiting his parents in Illinois, and was returning to Canada, where he is the pastor of a church.

Two years ago Davidson persuaded Miss Clark to accompany him to St. Louis, where they would be secretly married. With the aid of a once used marriage license he himself performed a ceremony in the Metropolitan Hotel.

When the secret of the fake marriage became known Davidson left Washington at night in the midst of mob talk among friends of the Clark family, and since then the handsome young preacher has been a fugitive. The court legalized the Davidson-Clark marriage.
